Audit by Team1 (imagawa)

SIL-001:

Tools/Techniques: Slither

Difficulty+Impact: Minor

Details

On L259 the debtNeeded variable is never used.

Mitigation

Remove debtNeeded

SIL-002:

Tools/Techniques: Slither

Difficulty+Impact: Minor

Details

On L610, forceHarvestTriggerOnce can be returned directly.

Mitigation

remove the if statement and return forceHarvestTriggerOnce directly.

SIL-003:

Tools/Techniques: Slither

Difficulty+Impact: Medium

Details

Various calls to IBorrowable pool mint functions are checking that the returned balance is greater than or equal to true for a uint, which is always true.

Mitigation

Make the require statements strictly greater than to protect against 0 balance cases.
